Executive Functioning: What every parent needs to know

Mental Health and
Well-being Parent
Partnership Committee

201B

This workshop will introduce you to the importance of Executive Functioning for learning and well-being. Among other things, you will learn why you shouldn't say, "You did so well, you must be smart," how play can really help kids of any age learn, what happens in your child's brain during a meltdown and how mindfulness strategies can help.
