### Effective Strategies for Parent and Community Engagement - Beyond the Bake Sale

Model Schools for Inner Cities (MSIC)

203A

When parents are active partners in their child's education, the achievement and well-being of that child will increase. What happens when parents decide to take it a step further by engaging the community as partners in their child's education as well? This workshop will explore how parents can support the creation of an inclusive and positive school environment by engaging the community, truly making their school the Heart of the Community!
